About the Program

The RBC Youth Empowerment Program focuses on personal growth and academic support in all core subjects. The program seeks to help students become independent learners, improve grades, build social skills, develop confidence, and promotes the importance of post-secondary education. The program encourages students to believe in themselves and their future goals and gives them an opportunity to meet friends and build a sense of belonging in a safe and inclusive environment.

"Because of this program, I have more confidence and have developed leadership skills. This program is my community and I cherish it. RBC Youth Empowerment Program makes a difference in my life and I am forever grateful."

-Candy Serrano
